DIE SIEBEN KRISTALLKUGELN

DIE EXPEDITION SANDERS-HAKDMUTH WIEDER IN EUROPA

Die ethnographische Expedition ist soeben von einer langen ergiebigen Reise nach Peru und Bolivien zurückgekehrt. Die Forscher haben weitgehend unbekannte Gegenden erkundet und mehrere Inkagräber entdeckt. Sie fanden unter anderem eine Mumie, die noch die „Boria“, das königliche Diadem aus massivem Gold, trug. Einige Grabinschriften lassen mit Sicherheit darauf schließen, daß es sich um den Inka Rascas Capac handelt.

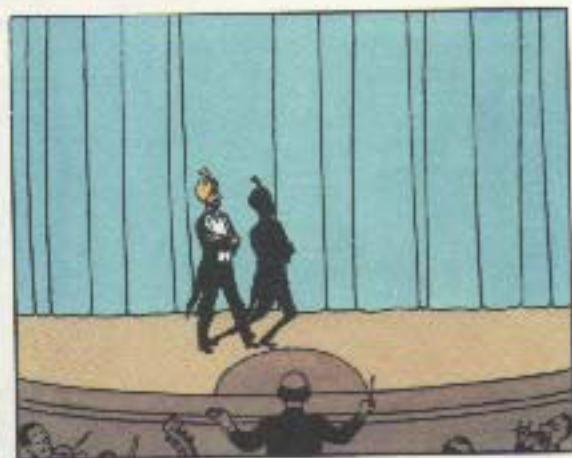

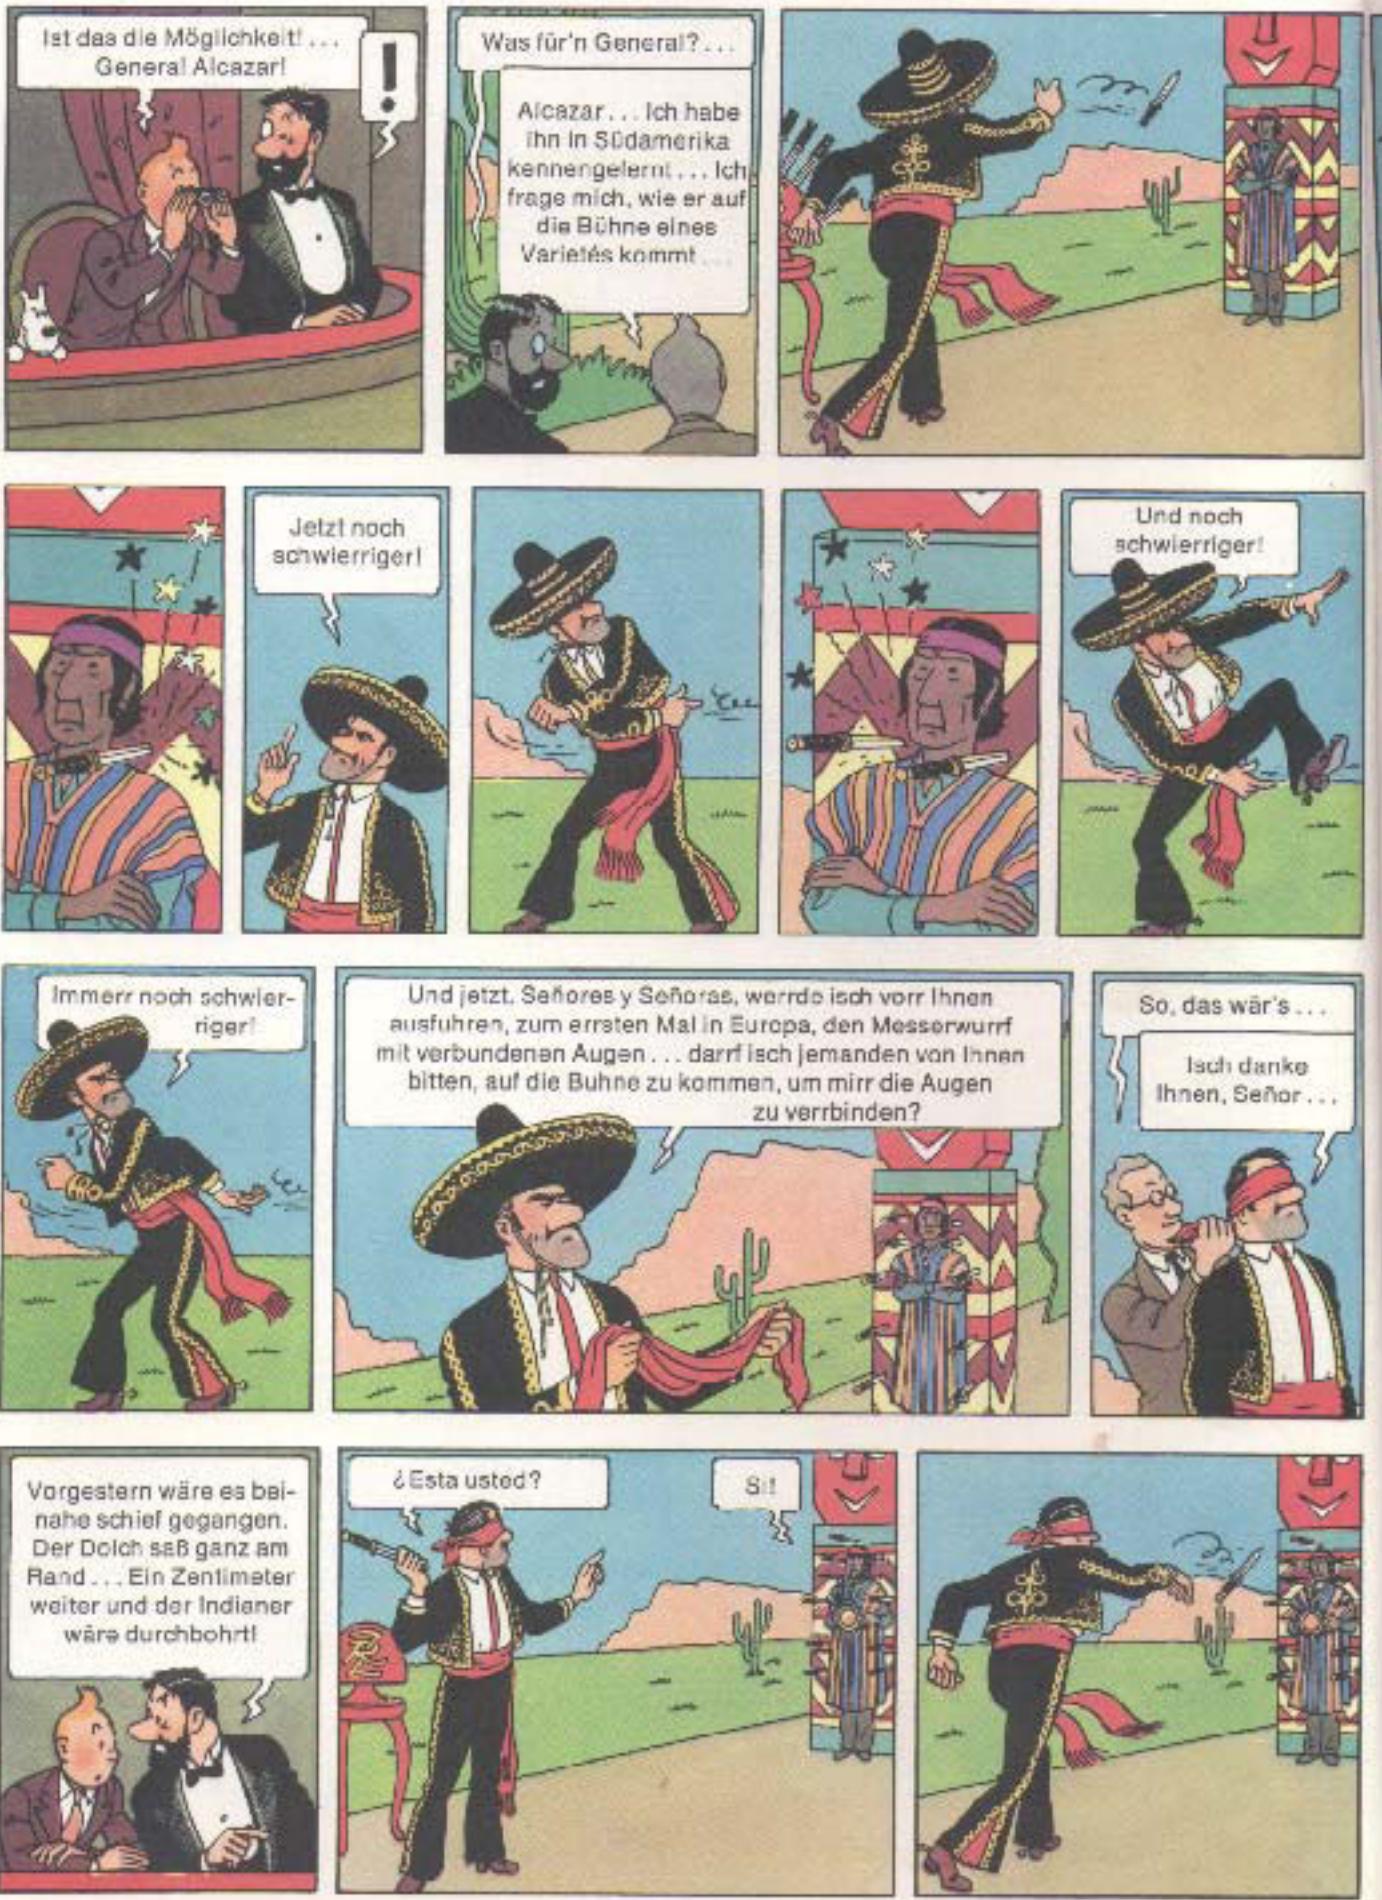

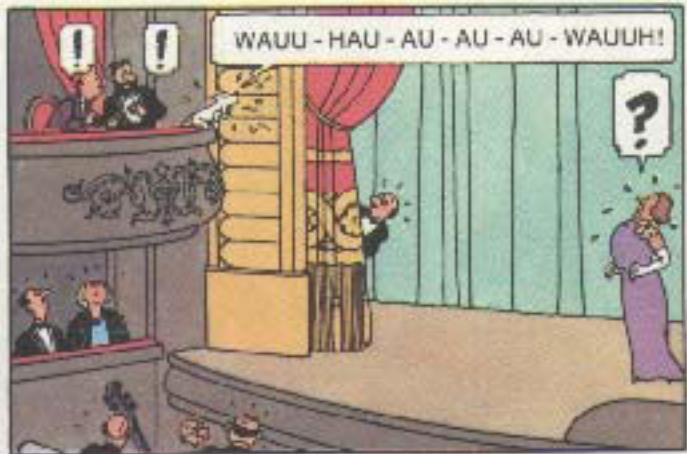

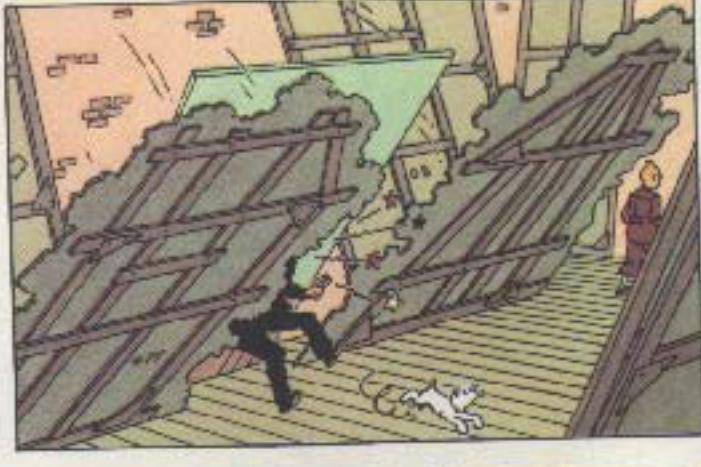

Sie kennen ja wohl jeden, wes?... Ah! Da ist sie...

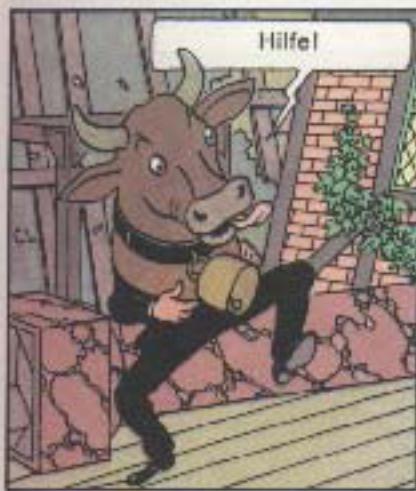

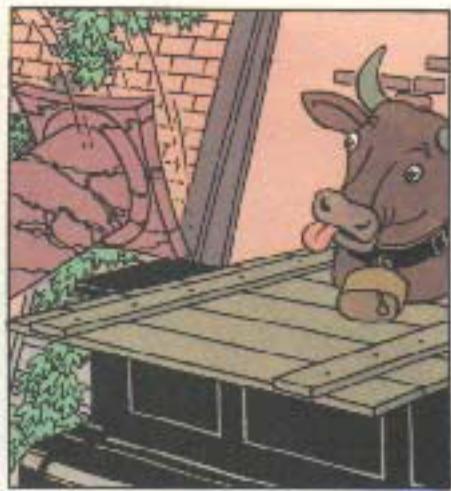

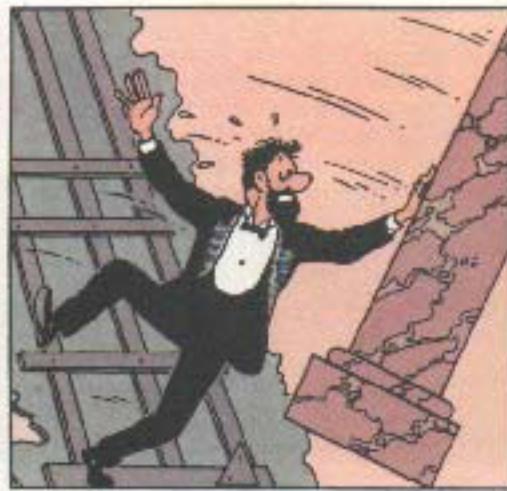

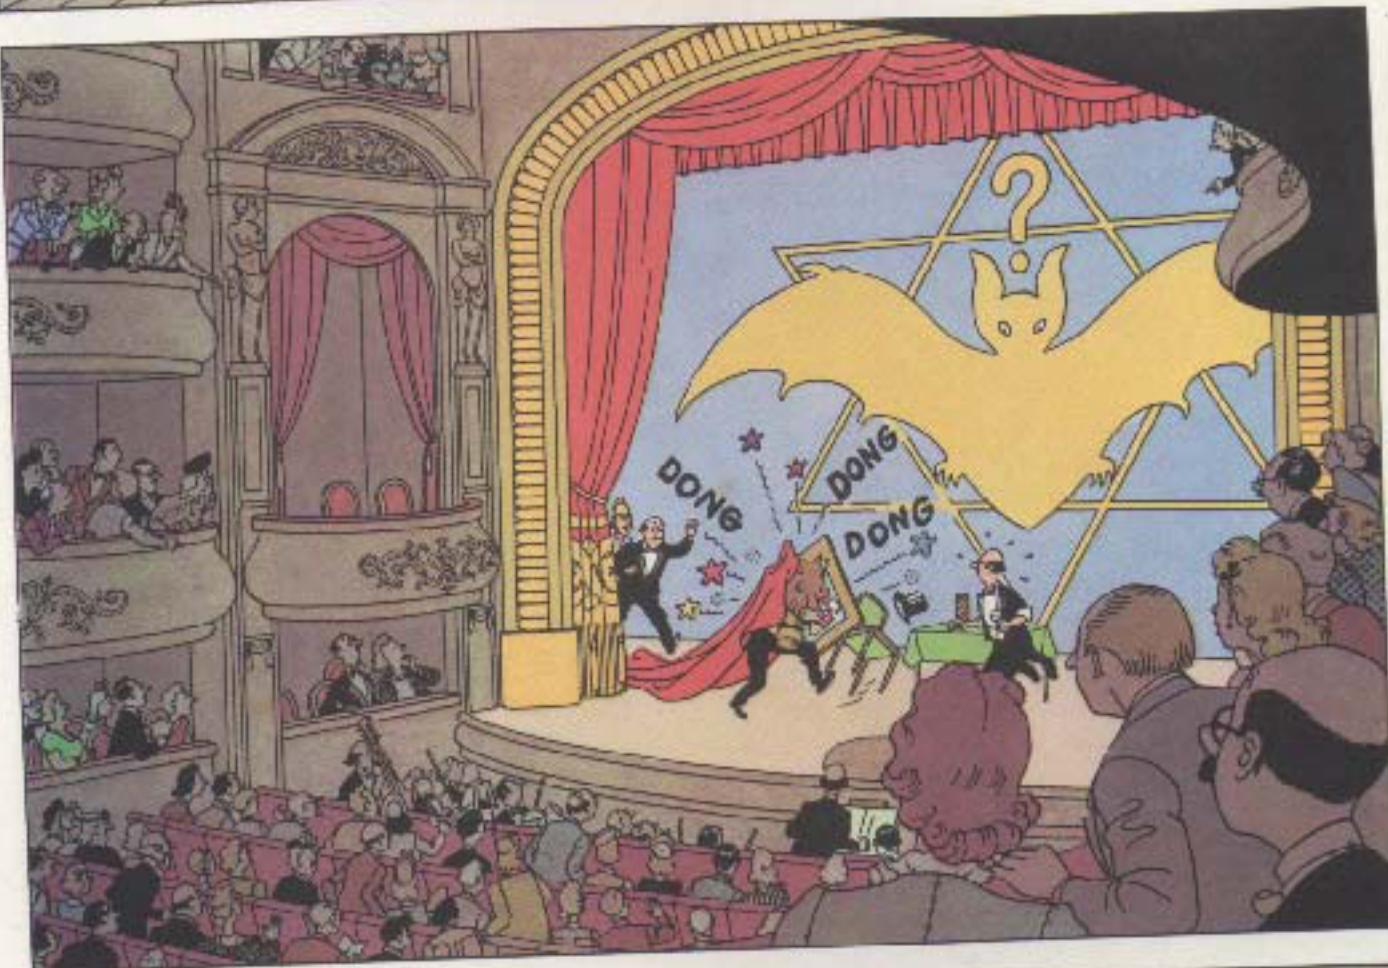

"Siehe: „König Ottokars Zepter“

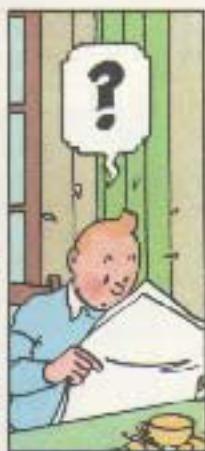

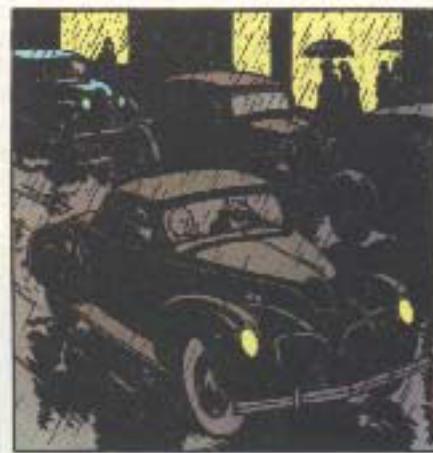

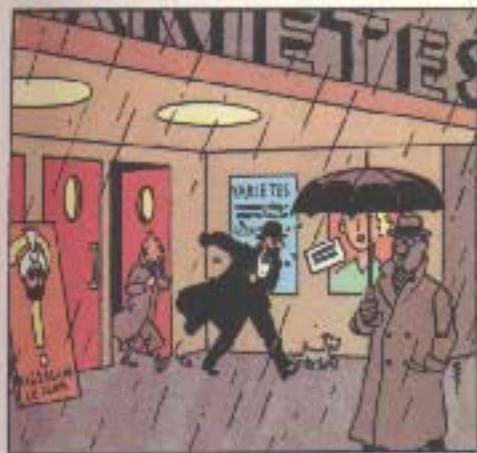

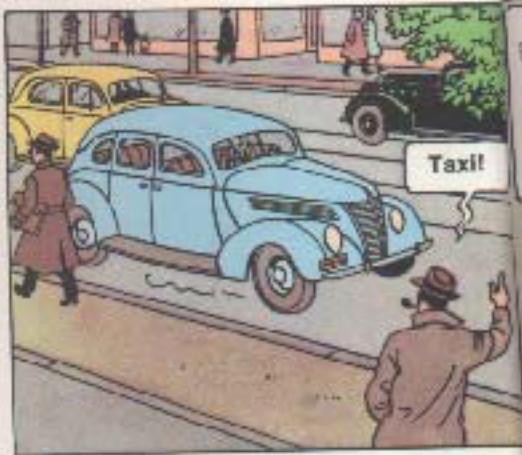

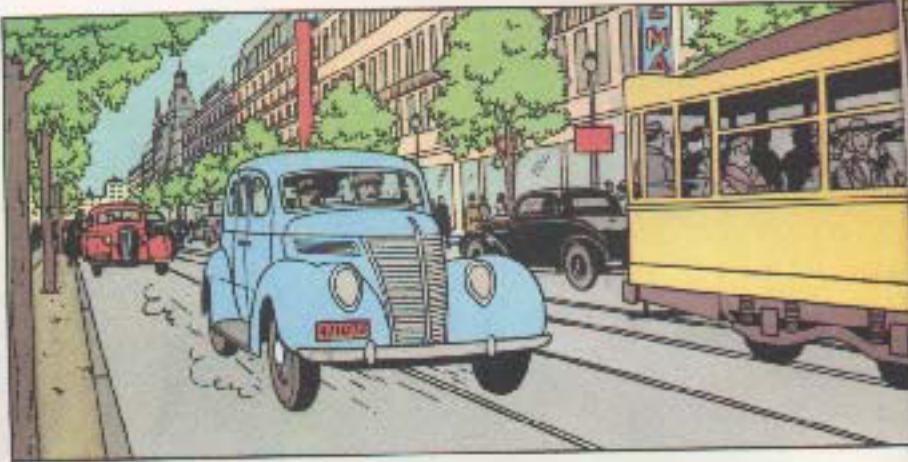

Genaugenommen ist es keine Krankheit ... Die beiden Opfer wurden schlafend aufgefunden, das eine an seinem Arbeitstisch, das andere in seiner Bibliothek. Aus einer ersten Untersuchung geht hervor, daß die Amerika-forscher in eine Art hypnotischen Schlafes versunken sind.

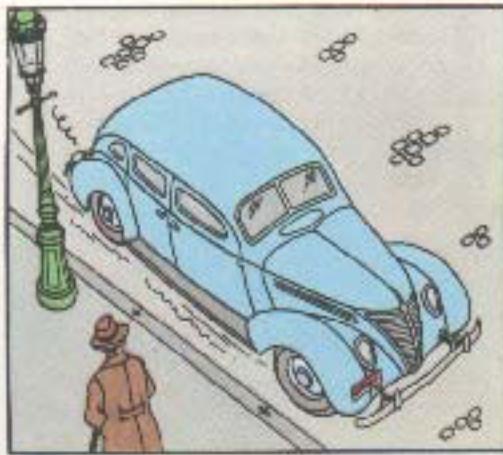

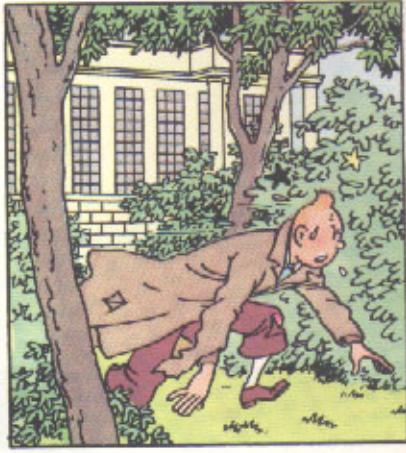

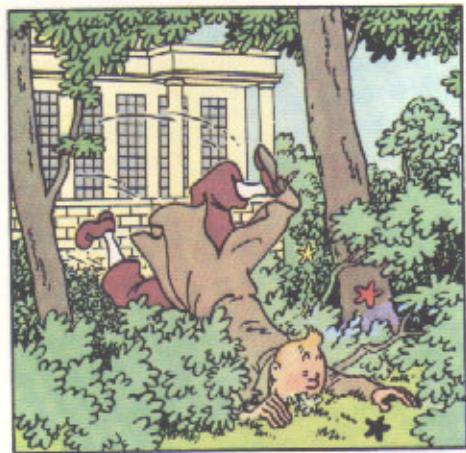

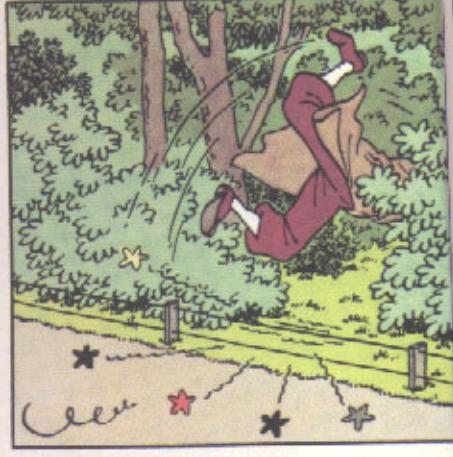

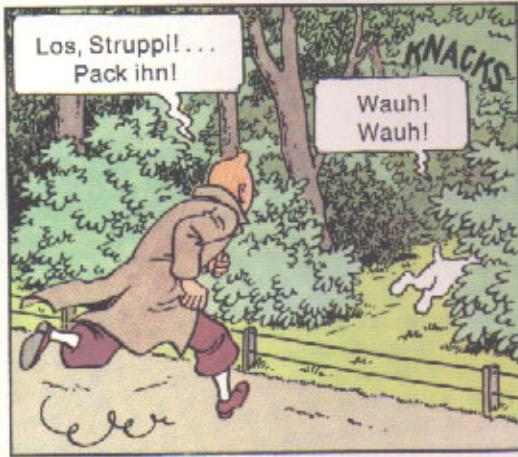

Professor etwas pa schnell zu bitte n

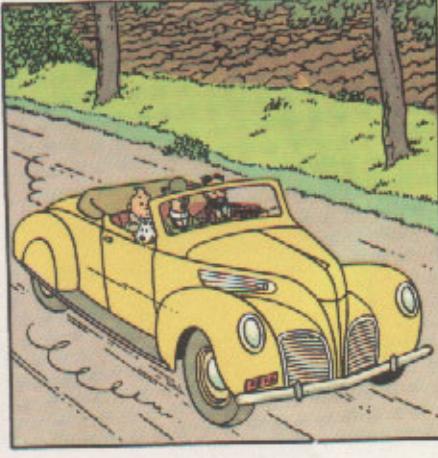

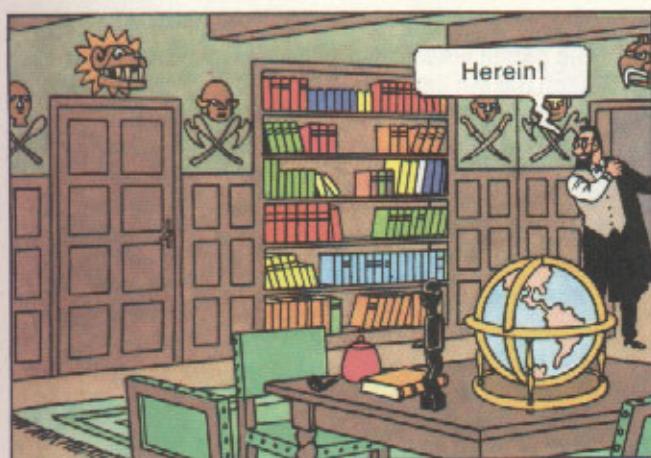

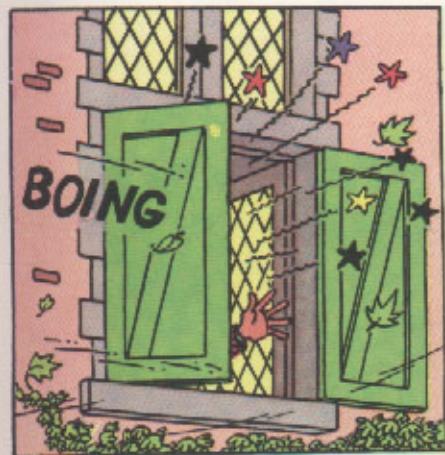

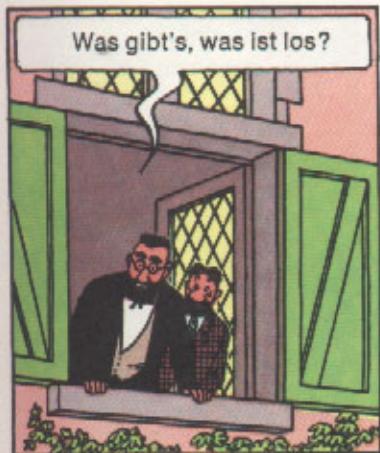

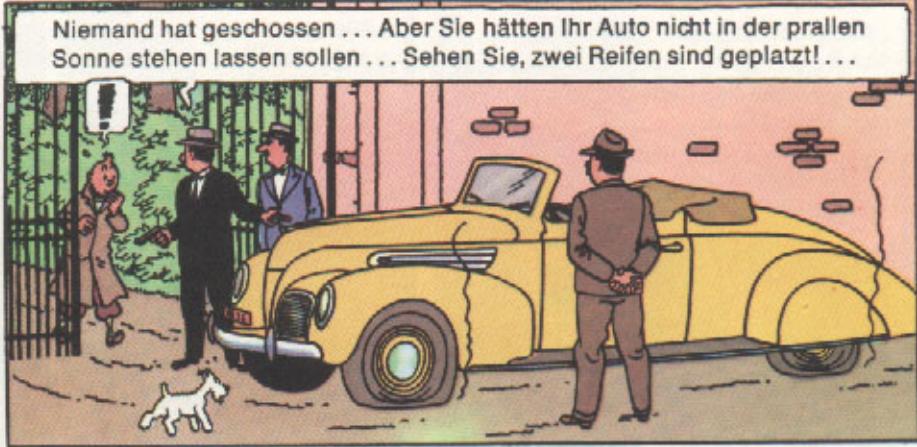

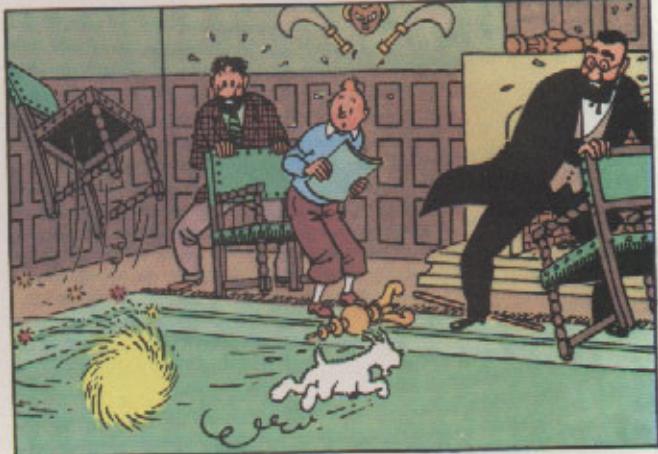

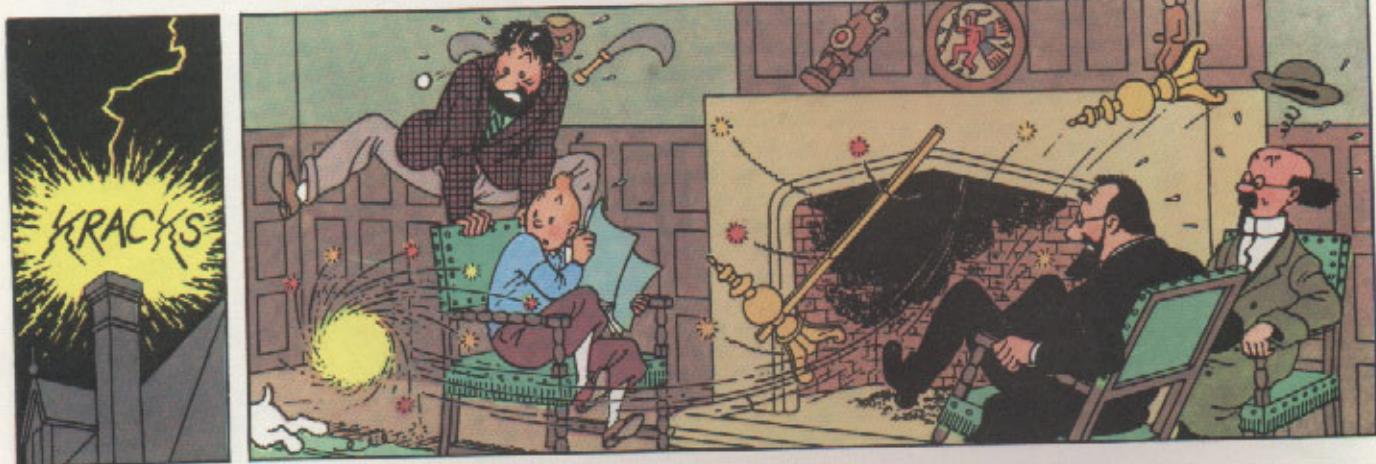

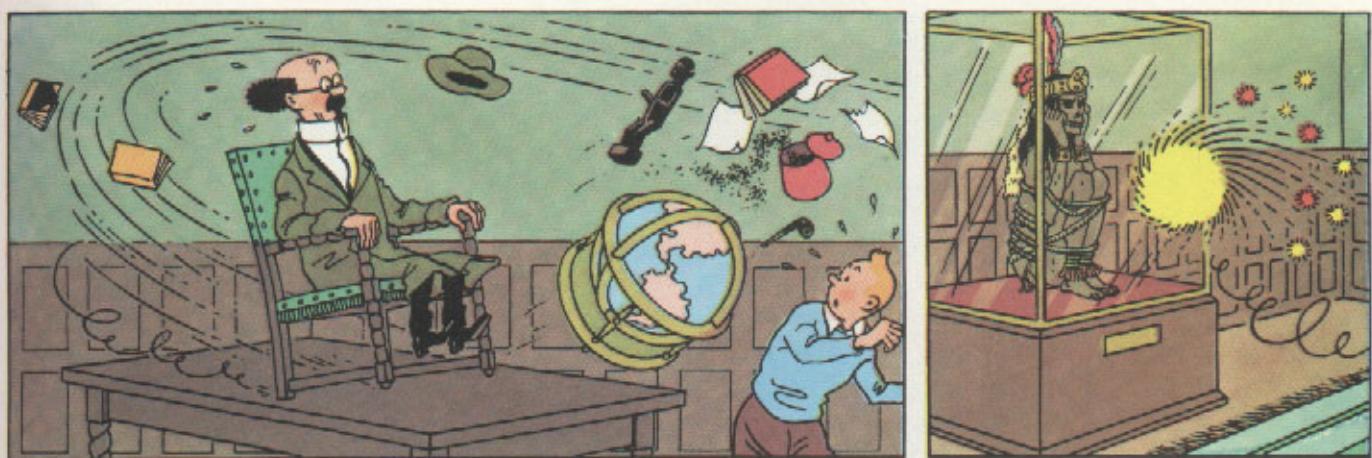

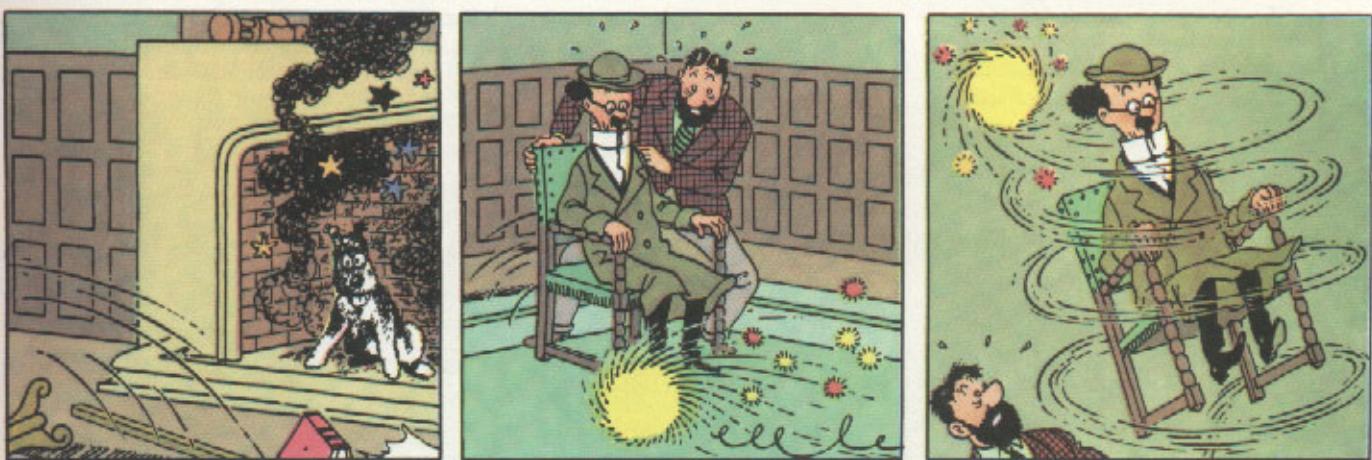

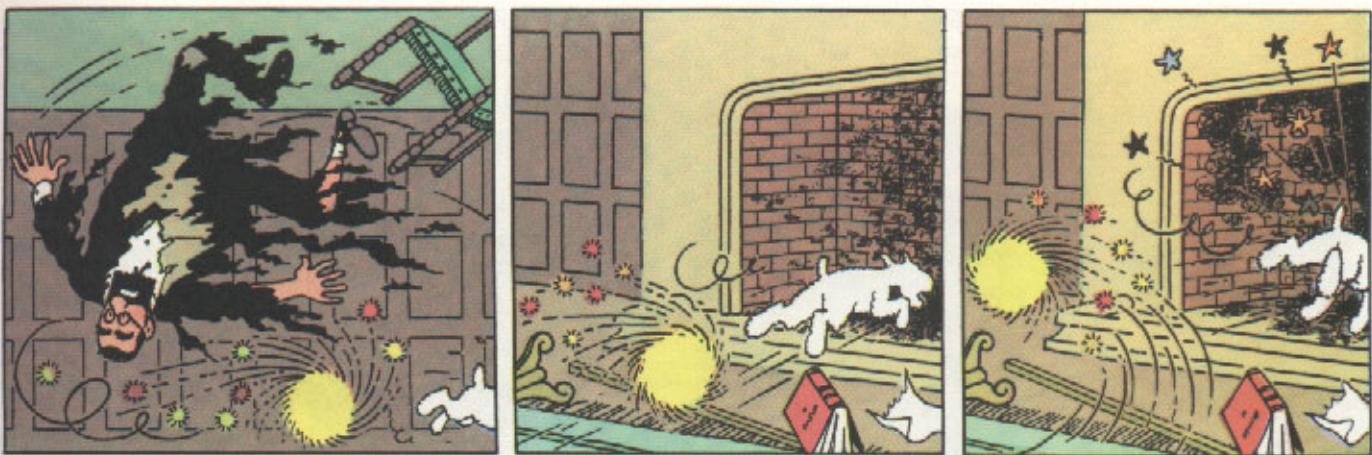

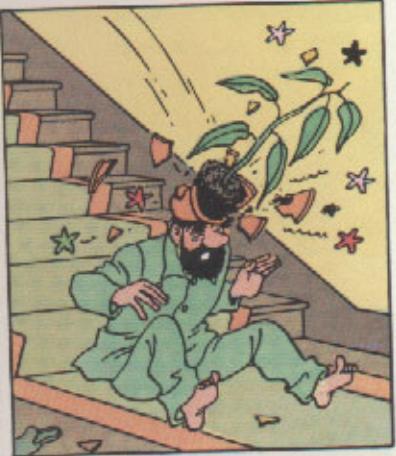

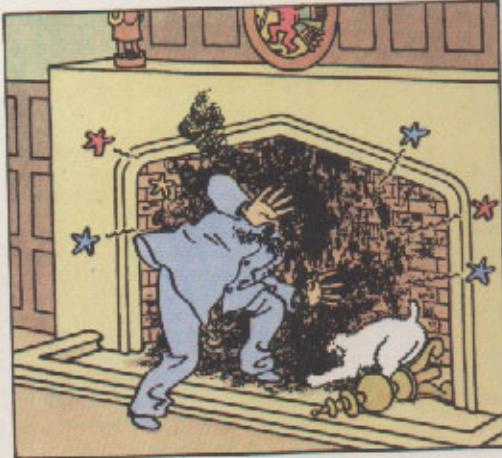

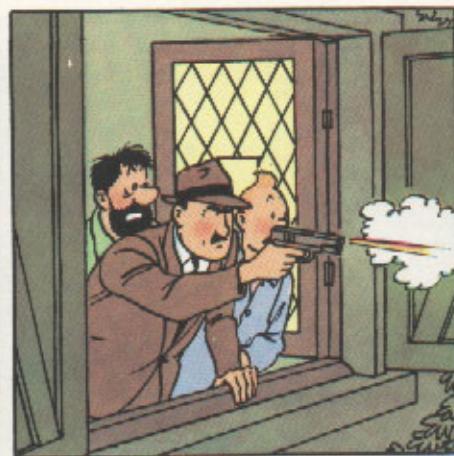

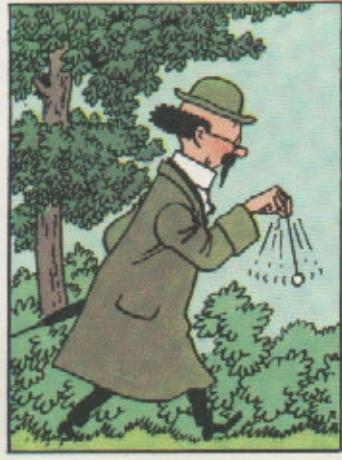

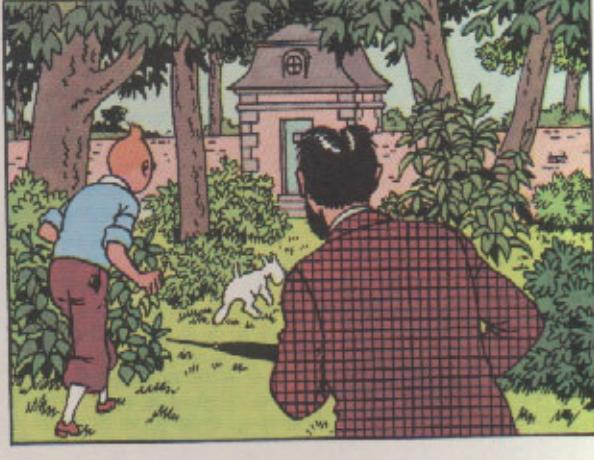

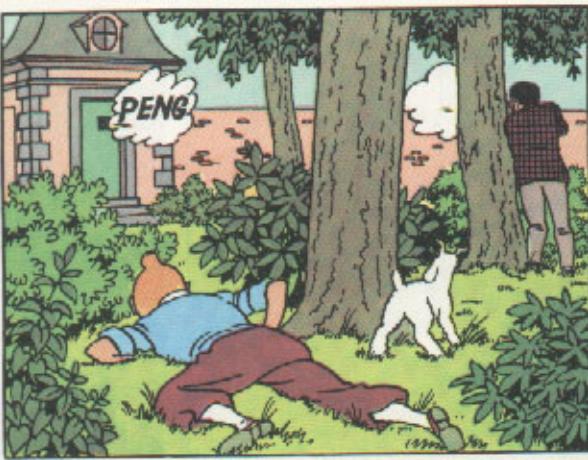

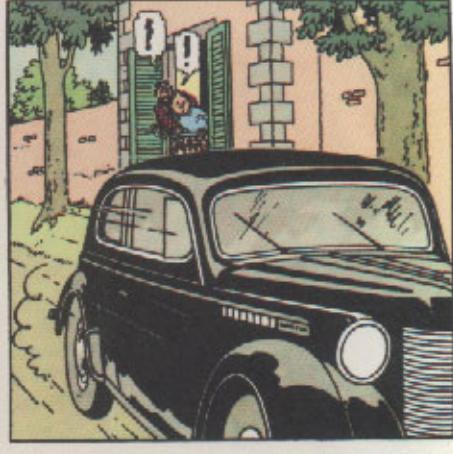

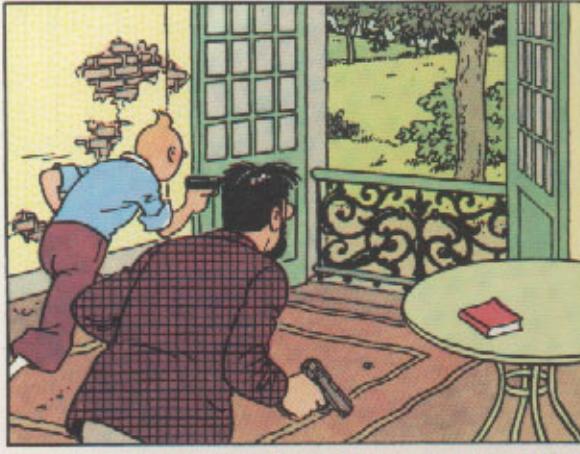

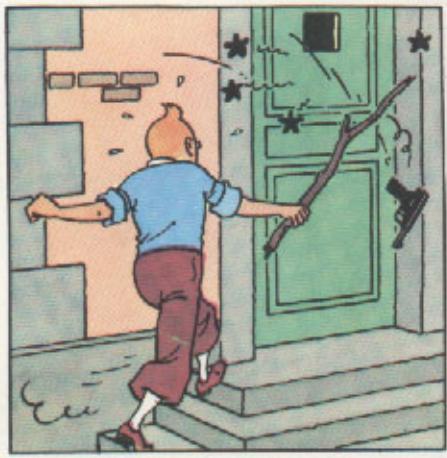

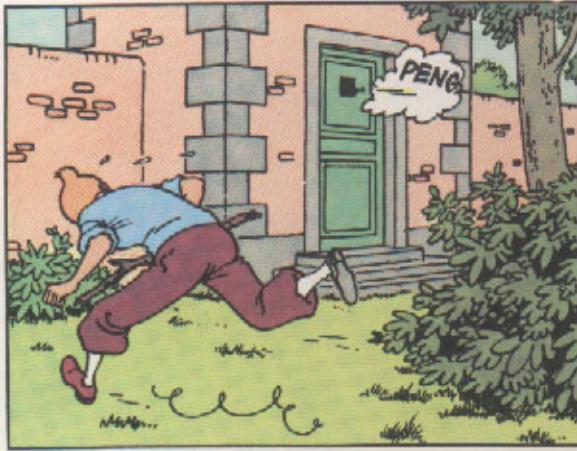

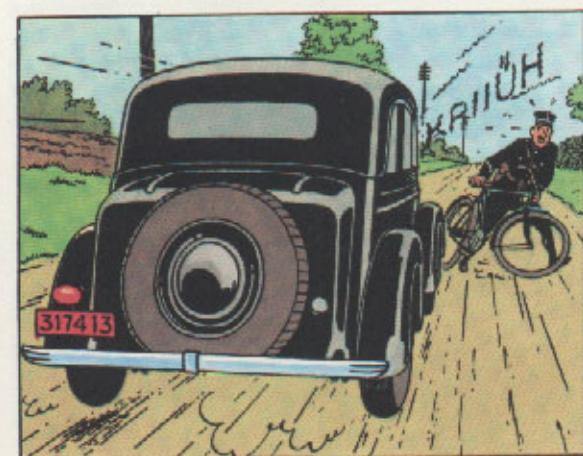

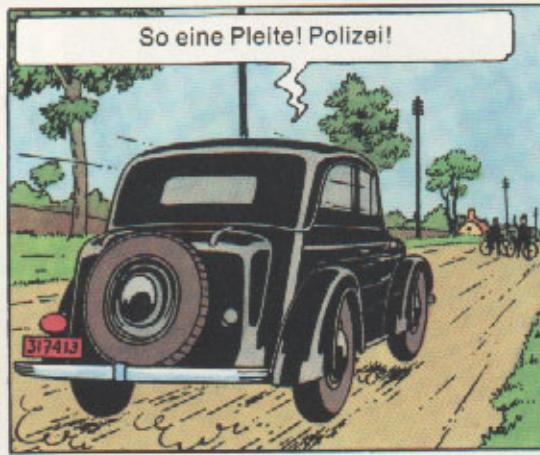

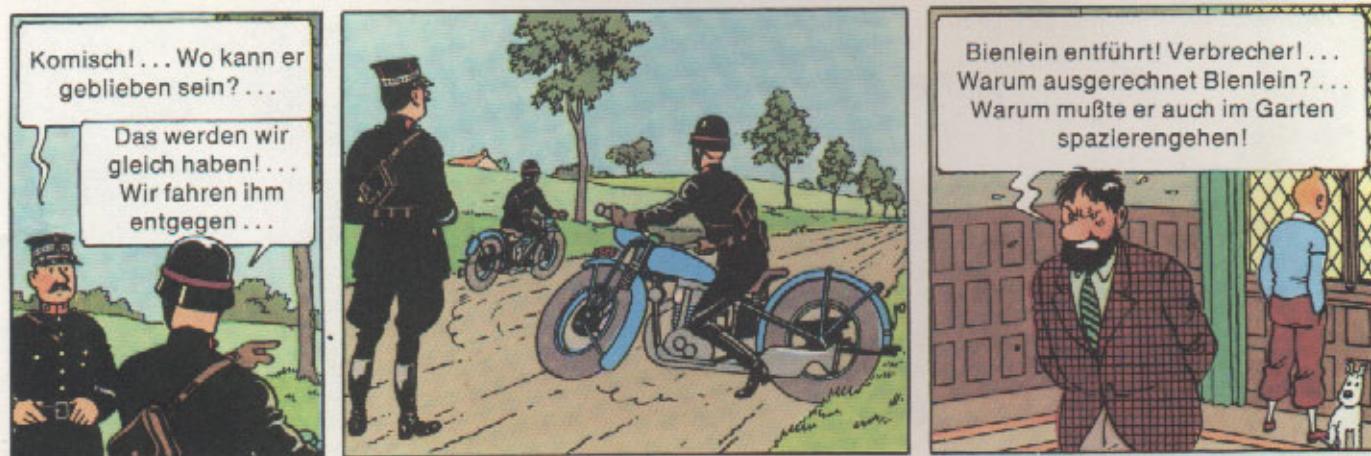

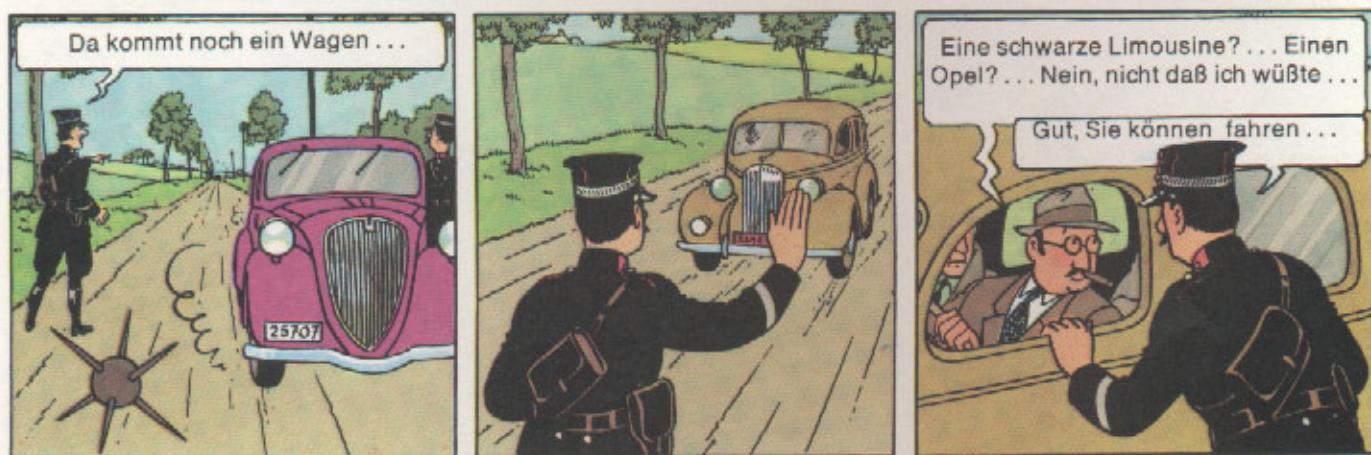

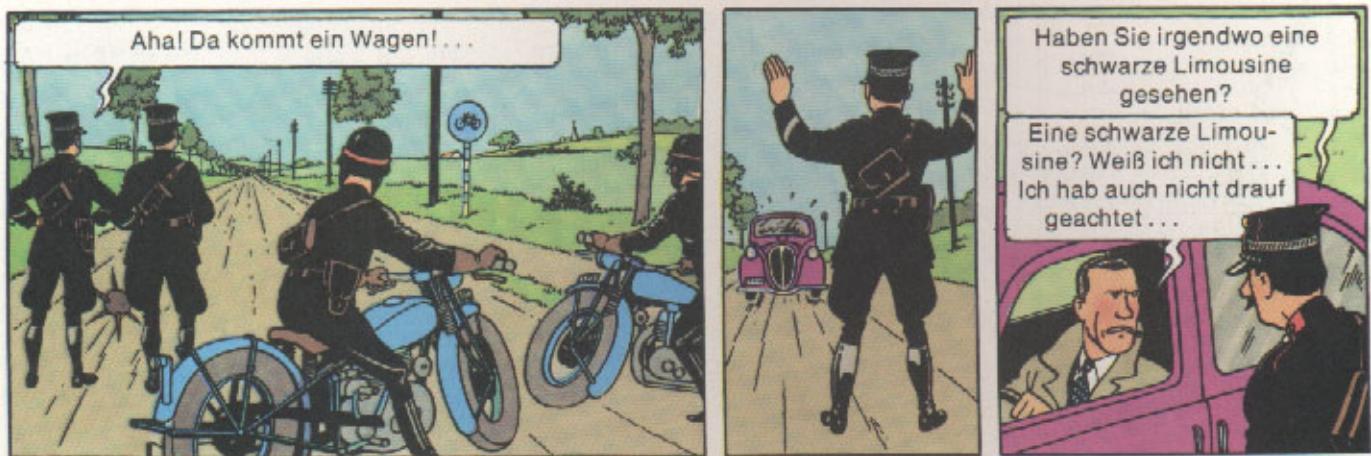

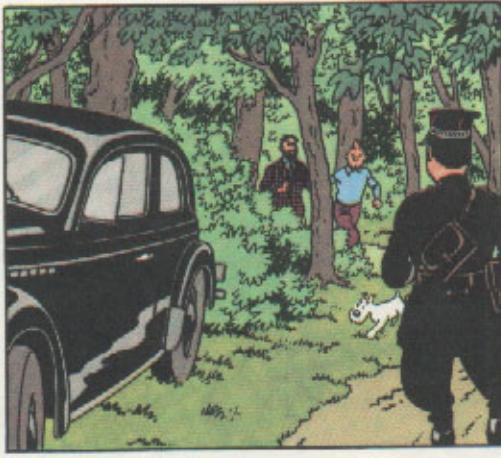

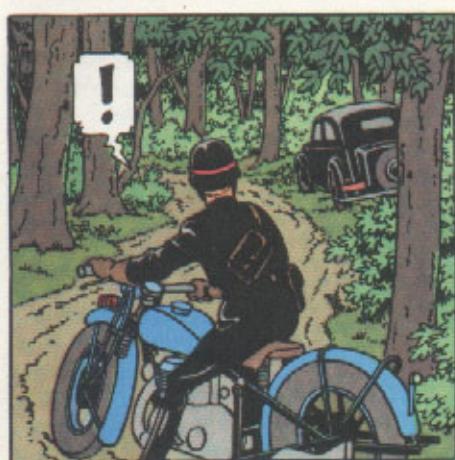

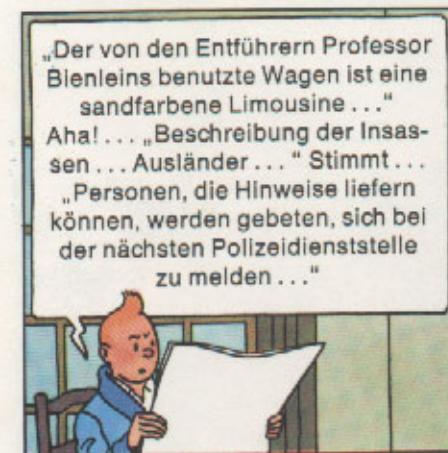

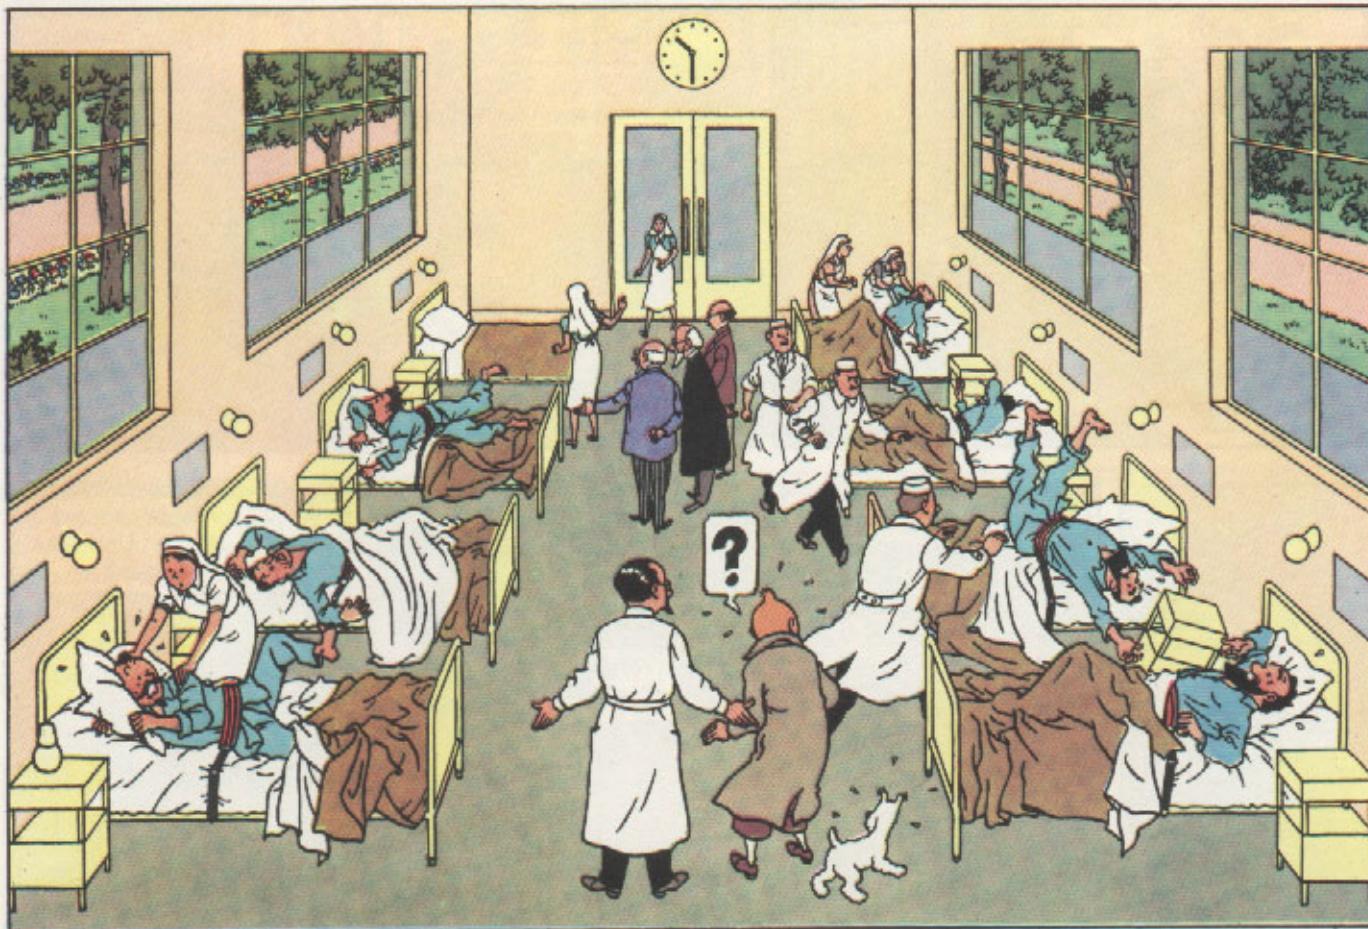

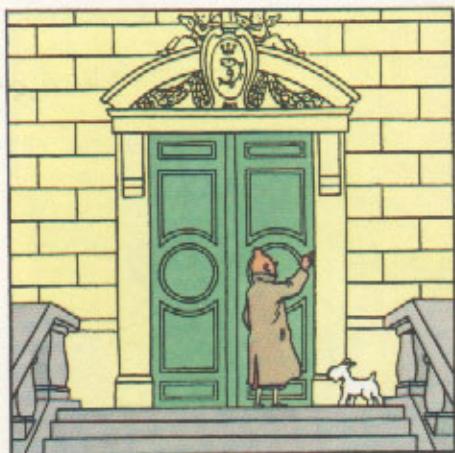

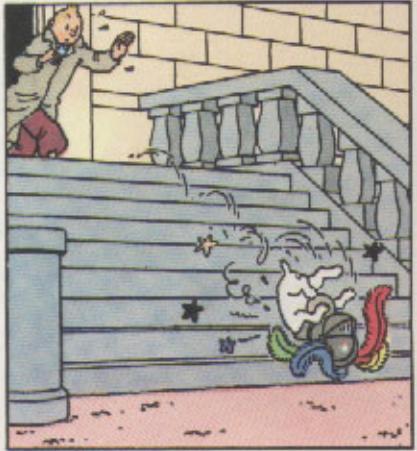

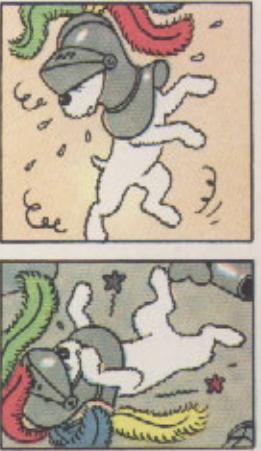

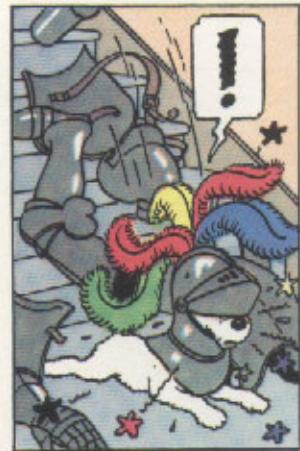

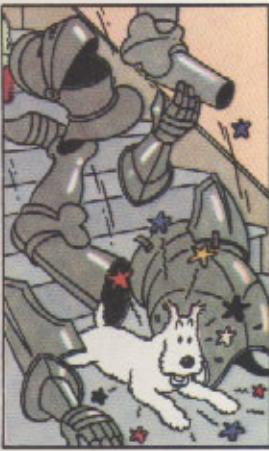

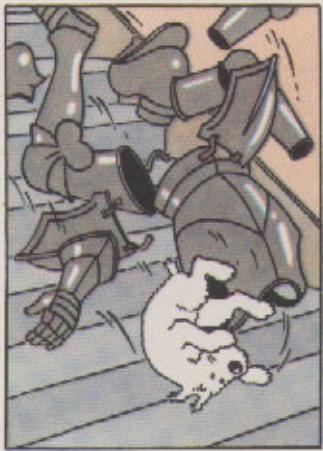

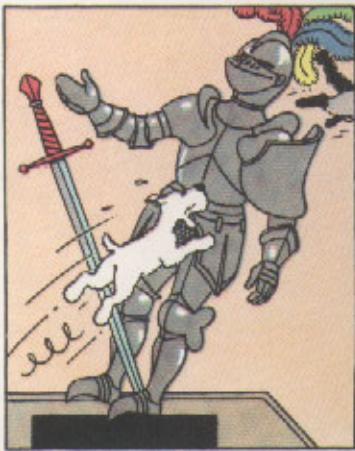

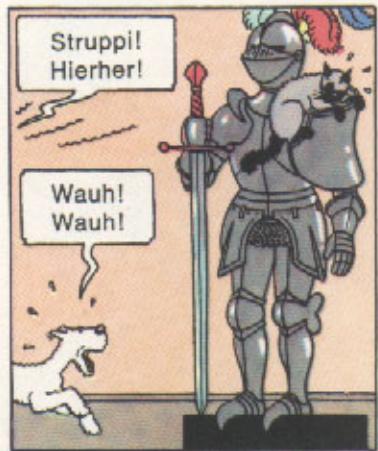

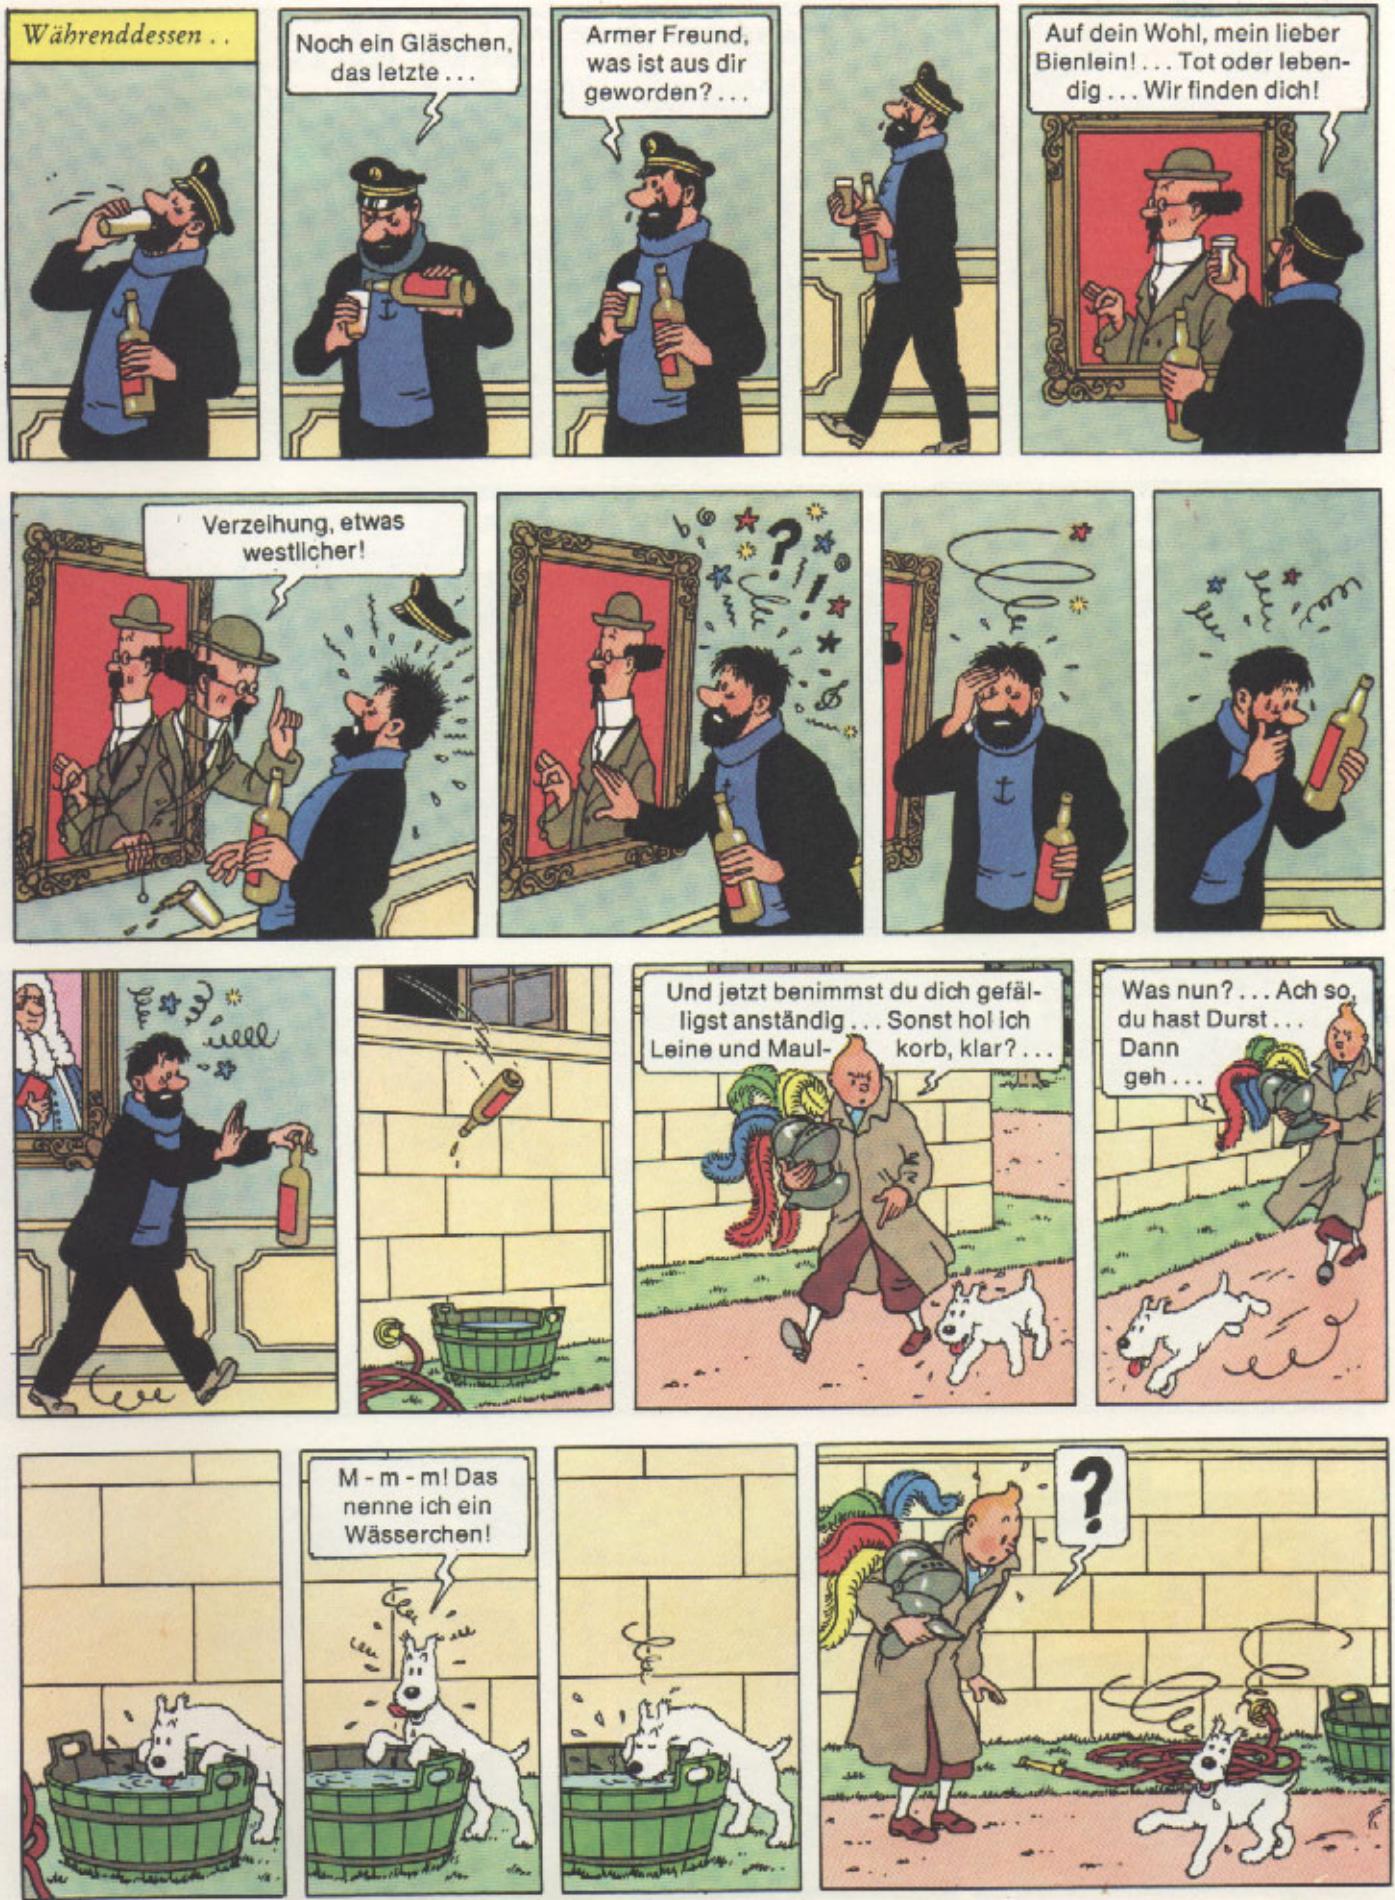

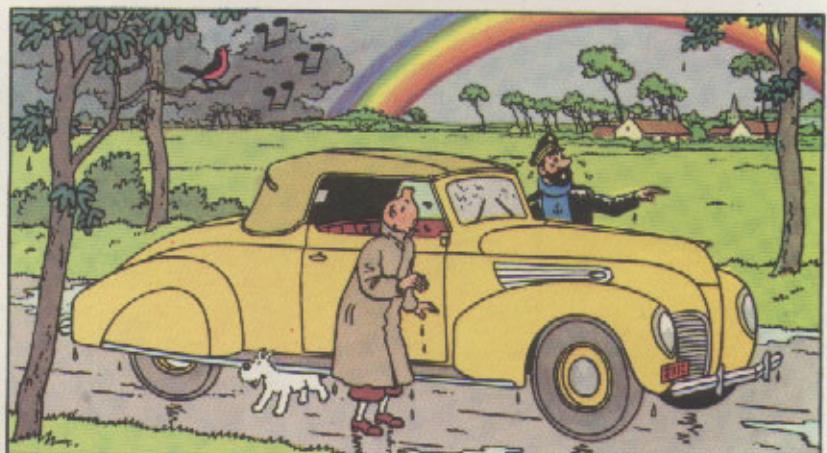

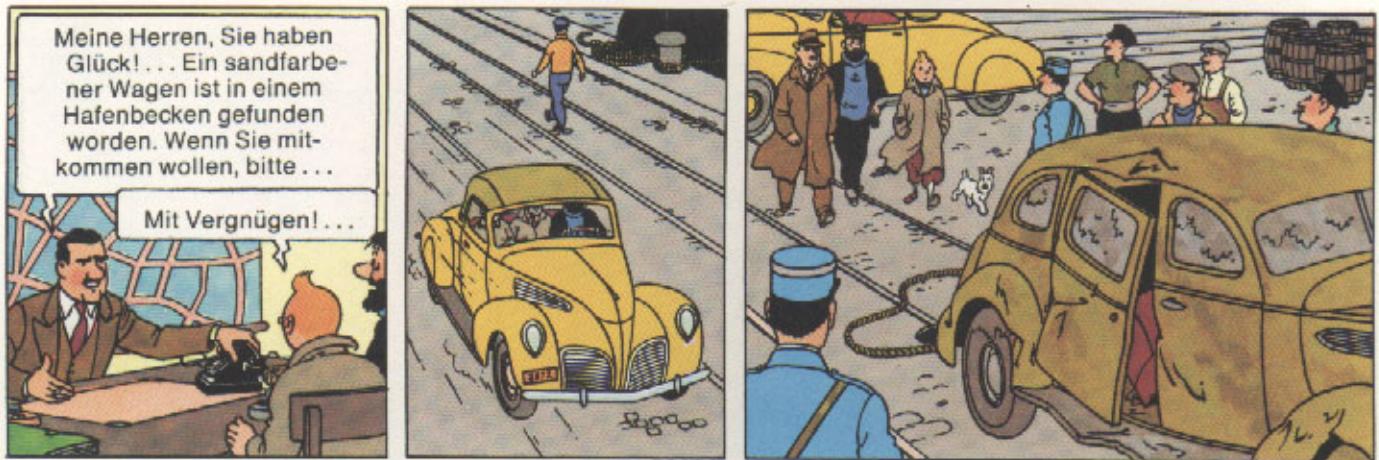

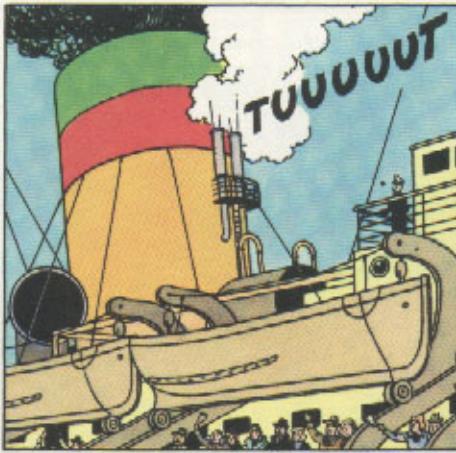

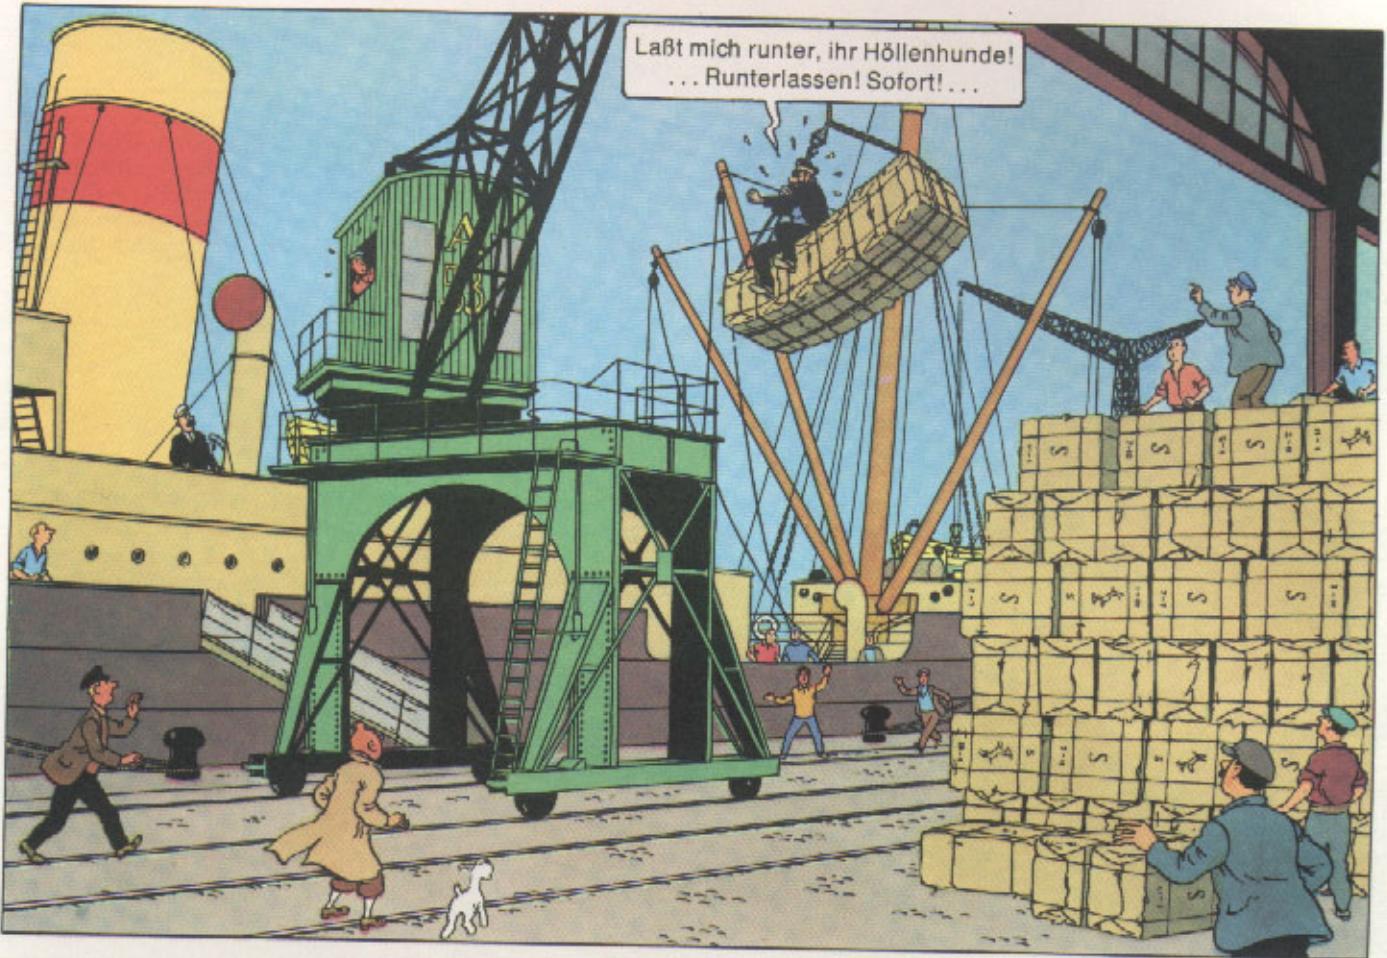

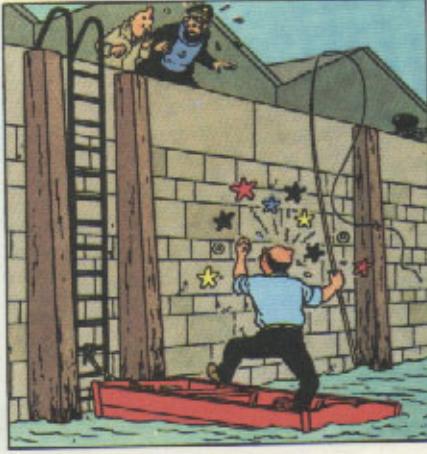

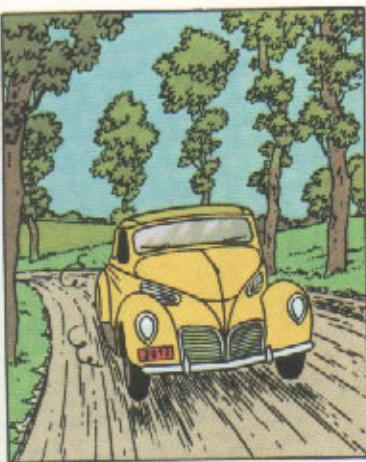

Kapitän! ... Kapitän! ...
Das ist Bienleins Hut! ...

Hier, Bienleins kleiner
runder Hut ... Deswe-
gen brachte Struppi ihn
immer wieder ... Sehen
Sie sich die Initialen an!

B. B. — Balduin
Bienlein! ...
Aber dann ...

Bienlein ist also nicht
in Saint-Nazaire an
Bord gegangen, son-
dern hier in La Ro-
chelle ... Aber auf wel-
ches Schiff? ... Mit
welchem Ziel? ...

Ja, wie kriegen
wir das heraus?

Ich hab's! ... Versuchen
wir, die Schlingel zu fin-
den, die uns den Streich
mit dem Hut gespielt
haben ...

Genau! Denen werde
ich zeigen, was 'ne
Harke ist, diesen
Lausejun- ... gns! ...

Im Gegenteil, Kapitän. Sie
werden sehr nett zu Ihnen
sein! Erstens haben wir
durch sie den Hut gefun-
den ... Zweitens müssen
sie uns sagen, woher sie
ihn haben ...

Richt-
ig ...

Mein guter alter Struppi. Dir
verdanken wir eine tolle Entdek-
kung. Du mußt aber noch mehr
für uns tun ... Du mußt uns hel-
fen, die Jungen zu fin-
den, die du vorhin
verfolgt hast.

Eine Stunde später ...

He, was ist denn los? ...

Guten Tag, Kleiner!

Keine Angst, wir tun dir nichts.
Sag uns nur, wann, wo und wie
du diesen Hut gefunden hast!

Den Hut? Beim Spielen
am Lagerhaus 17. Dort
stand ein Haufen Ki-
sten, die auf die „Black
Cat“ sollten ...

Naja, unter diesen Ki-
sten vor dem Lager-
haus lag der Deckel,
völlig plattgedrückt ...
Aber glauben Sie mir,
die Idee mit dem Stein
ist nicht von mir; es war
mein Freund, der ...

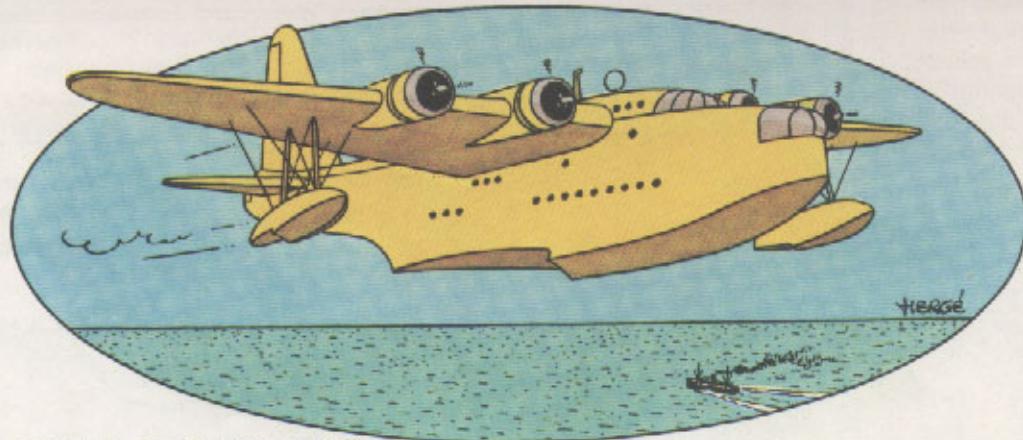

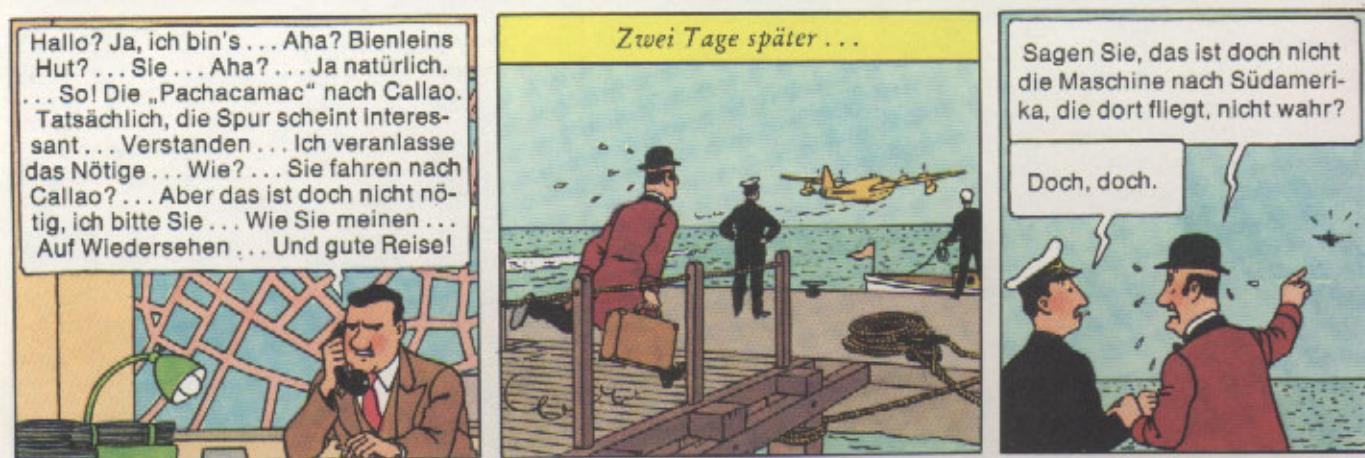

Hm! Dein Freund hat
eine gute Idee gehabt.
Nicht wahr, Kapitän? ...

Und jetzt, auf zum Hafenamt! ... Wollen
mal fragen, seit wann die Kisten dort
gelagert haben.

Die Kisten? ... Die sind am 14.
eingetroffen, per Bahn ... Heute
morgen wurden sie auf die
„Black Cat“ verladen.

Und was für ein Schiff lag
vorher da?
